DUAL SILICONE STRAP

Distributes pressure evenly around head

LENS INTEGRATION TECHNOLOGY

Goggles' frame and lenses are fused together to reduce drag

MIRRORED LENSES

Reduce glare and distortion

DESIGNED FOR TRAINING & COMPETITION

PRODUCT DESCRIPTION

Strike goggles are competitive goggles made using lens-integrated technology to fuse the frame and lenses together, creating the most hydrodynamic racing goggle. The eye gaskets sit inside the eye sockets to provide a watertight seal and reduce drag. Strike goggles come with three interchangeable nosepieces and an adjustable silicone strap for a custom fit.
